

OT212 EE5 - Themes

Name _____

List and describe the themes found in Psalm 25:1-15 according to the themes described in class.

1. Read Psalm 25:1-15 and notice all the themes found. Note: the psalm does not need to use the exact language to reflect the theme. For example, the theme of kingship may exist with the words 'royal', 'throne' etc.
2. You may list the themes one of two ways:
 - a. By verse:

For each verse, list the verse number, the themes you have found in that verse, and for each theme, list the word or phrase that reflects that theme.
 - b. By theme:

List the themes you find in this section. For each theme, list the word or phrase that reflects that theme and the verse(s) in which you find it.
3. Read Psalm 25:1-15 again to double check for something you have missed.
4. **Due Monday Feb. 15th.**
