

# EE5 – Sentence Flow

---

**Due Thursday June 30<sup>th</sup>.**

Make a sentence flow of your Philippians passage. Please don't overly stress every detail, but make sure you have done the following.

1. Put the main skeleton of each sentence on one line clearly displayed as the skeleton.  
Subject            Verb            Objects (if any)
2. Put modifiers underneath so that it is clear what they modify.
3. Show dependent ideas to be subordinate by indenting.
4. Somehow highlight connecting conjunctions.

Please make your sentence flow neat and legible (for your sake as much as for mine).

**Please make a copy to keep for yourself to help with future assignments.**

Please review the course notes, the Sentence Flow handout, Sentence Flow Stumbling Blocks and the online Sentence Flow review tutorial to help with this assignment.
